Oliver Lemon's, a locally-founded and employee-owned grocery store, opened Jan 2, 2020 after rebranding their newly purchased store in Terrebonne. Since then, they have provided Terrebonne shoppers, as well as visitors to Smith Rock and Central Oregon, a bright new shopping experience. It is a beautiful store and a great addition to the community. They have added thousands of new products to their shelves, along with house-made specialty salads, local baked goods, an expanded produce department, and new items never before available in Terrebonne. With the partnership of their flagship store, Newport Avenue Market, and a fleet of refrigerated rigs, they are able to fulfill specialty requests like caught yesterday seafood, Oregon Country Beef, gift baskets, exotic cheeses, and surprising gifts (just to name a few). Oliver Lemon's has become a trusted neighbor who is proud to be part of the community.
